9174085441

Jabalpur, Madhya Pradesh, 482002, India

I am Patient, hardworking , adaptable person and trying to make consistent themselves towards my learning commitments so these all things help me to grow in my tech journey.

Work Experience

Projects

Netflix clone

Sep 2023

This project was developed exclusively using HTML and CSS.

- It is fully responsive, adapting seamlessly to different device sizes.

Password Generator

Jan 2024

This is a frontend project designed to enable users to generate passwords based on specific criteria, such as password length, and the inclusion of uppercase and lowercase letters, numbers, and symbols

- The project was developed using HTML, CSS, and JavaScript
- I implemented a feature that allows users to conveniently copy the generated password to the clipboard.

Airbnb Clone

Jul 2024

Airbnb 🏠 project using the MVC framework and a MongoDB Atlas database for robust cloud storage. Utilizing the Cloudinary API, I efficiently manage image uploads and retrievals. For authentication and authorization, I implemented Passport 🔑 , ensuring secure user interactions.

- HTML,CSS,JS, Bootstrap
- Node.js, Express.js
- MongoDB

Core Skills

Frontend : Html, CSS, Bootstrap, JS, ReactJS, Backend : NodeJs, ExpressJs, MongoDB, mySql, Tailwind, Github, Gitbash, Locofy.ai, figma

Education

GLOBAL INSTITUTE OF ENGINEERING AND MANAGEMENT COLLEGE

Nov 2021 - Present

BTech Computer Science
GPA 8.23

Languages

Hindi (*This is my Native language*), **English** (75%)

Awards

LeetCode Badge

This is my 1st 50 days badge from Leetcode which shows my consistency towards programming.
